Solution Of Software Engineering  
By Engineering software solutions.  
A program itself is not a solution. In  
software engineering, creating a  
program that works is a stepping-  
stone to creating a software  
solution that serves thousands of  
different people. A succinct way to  
think about it is to consider a  
program a building block. Software  
engineering: the gulf between a  
program and a ... Mar 31, 2020 - By
